

stats

The stats object shows statistics for cpu, mem, and active volumes.

Usage

```
show stats    [cpu=all] | [mem=all] | [volume=<volname>|*] | [controller=iscsi|fc|fc<n>]  
              interval=<intervalValue>
```

Examples

```
mayaccli show stats cpu=all  
mayaccli show stats mem=all  
mayaccli show stats vol=testvol
```

Output

```
# mayaccli show stats cpu=all  
user      nice      sys      idle      iowait      steal      hardirq  
softirq   guest  
2033      9          1374     1432520   771  
  
# mayaccli show stats controller=iscsi interval=5
